HERITAGE

A STORY
TO TELL,
AN EXPERIENCE
TO SHARE.

Elletti is looking to the future with new eyes. A company culture that, based on the tradition that drives the development of tomorrow's ideas, has allowed to achieve key milestones over time, innovating and proposing a new way of experiencing the preparation area in the kitchen.

A SUCCESS STORY

Among our most significant achievements is "Stories of Excellence" as part of the 100 Eccellenze event for Italian companies that, through their work, have contributed to strengthening the values and spirit of the nation's ingenuity.

ARCHITECTURAL EVOLUTION OF PRODUCTION FACILITIES

From 1992 to the present day, architecture designed to express the changing face of Elletti from one era to the next.

MIDA TERRA DI FRANCIA
The 1st sink produced.

FOR 30 YEARS
ALWAYS
ONE STEP AHEAD.

The years pass, but passion for innovation remains. For 30 years, the desire to improve has remained the same, with ideas that are constantly updated and products that are always contemporary.

From the beginning and into the future, the Elletti team is always committed to searching for the best ergonomic solutions. Driving the evolution of taste in the kitchen through creativity and technological progress is the company's focus, seeking ever newer emotions.

TECHNOLOGICAL LEADERSHIP

Research, experimentation and applied technologies support the product from the beginning to the end of the creation process.

EXPERTISE

**ANTICIPATING
THE FUTURE IS THE BASIS
OF OUR SUCCESS.**

Elletti's research and development team is made up of professionals committed to formulating innovative solutions, with a corporate vision based on developing internal know-how and achieving excellence. New, extra-resistant materials, produced through intelligent design and highly efficient production processes.

Innovations include the GPS (Granittek Production System), which evenly distributes all components integrated into the mass to give surfaces a unique look and feel and greater resistance to thermal shock, abrasion and impact.

INNOVATION FIRST.

Passion, dedication and attention to detail at each step in the production process.

SUSTAINABILITY

FROM THE WORLD
OF MATTER,
**FOR A WORLD
THAT MATTERS.**

Innovation is responsibility and becomes sustainable if approached intelligently. Thinking about tomorrow and the coming generations means imagining a possible future to build a better world.

Elletti's commitment focuses on reducing environmental impact through all production phases: from product design to the choice of materials and finishes, from development and production to waste and scrap disposal solutions.

1 ELLETTI HUB 1

Historical production facility focused on flexibility and customisation of production.

2 ELLETTI HUB 2

Independent, highly sustainable and technology-driven production plant where tradition and know-how meet modernity and automation.

4 ELLETTI HOME

A reception and training area: a place where past and future visions coexist. A complete experience of the Elletti World.

3 INNOVATION CENTRE

A facility dedicated to research and development where the most ambitious ideas take shape.

5 ELLETTI SERVICE

Value and care for relationships: this space is completely geared towards strengthening the relationship of trust with customers in the pre and post-sales phases.

MATERIALS

KERATEK®
CERAMIC NANOTECHNOLOGY CN6

DO MATTER

Vivid, deep and intense colours that immediately catch the eye.

An ultra-smooth and surprisingly compact surface creates a silky effect on first contact.

Keratek, an innovative material born to surprise; a unique formulation guarantees beauty

and performance in terms of durability and high resistance to thermal shock and impact.

Keratek is NSF certified and is suitable for contact with food.

Alluring, hygienic and easy to clean,
it is a material that counts, in every micro-particle.

*

The sinks come with a 24-month statutory warranty. You must register to enjoy the conventional warranty.

SILK EFFECT SURFACES

DENSE, SMOOTH AND SILKY TO THE TOUCH, IT IS THE PERFECT MARRIAGE OF FUNCTIONALITY AND AESTHETICS.

MATERIALS

GRANITEK®
NATURAL GRANITE EFFECT

ENGINEERED QUARTZ

Matter at your fingertips.

Born from the desire to exploit the more technological nature of quartz in the kitchen, this is a substance that looks important.

Ultra-textured to the touch, resistant to temperature changes and impacts, it was made to last.

Thanks to the wide range of colours, available in three different finishes, no detail will be overlooked, either to the touch or to the eye:

Metal:

The chicest of all. The many metal particles make the surface shiny, bright and sparkling.

Matt:

Elegant and discreet. A refined finish, ideal for the most modern contexts.

Classic:

The stylish finish that never goes out of fashion. A natural stone effect, enhanced by chromatic textures, perfect in every detail.

NATURAL QUARTZ SURFACES

A FORMULATION WITH A TEXTURED SURFACE
ENGINEERED TO BRING OUT
THE BEST QUALITIES OF QUARTZ.

CHOICES THAT MATTER

PERFECT INSTALLATION

OVERLAPPING

INSET

CHOOSE A COLOUR*

UNDERMOUNT

FLUSHMOUNT

Elleci proposes four installation modes touching on several stylistic genres: starting from the overlapping installation, typical of Farmhouse style kitchens, moving through the typical inset installation, and then on to the more contemporary-looking methods such as undermount and flushmount.

ADD IDEAL KITCHEN TAPS◊

The choice of kitchen tap is important for building an aesthetic integrated with the functionality of the sink and the style of the rest of the kitchen. Elleci offers two different types of product combinations that allow you to create a coherent, uniform look:

METAL FINISHINGS AND FAMILY LINE ♦

Kitchen taps with elegant, refined finishes, designed to match the details of Elleci appliances.

FULL COLOUR AND CONTINUITY *

Kitchen taps with every part and component painted the colour of the sink, for a perfect match and a feeling of total continuity.

CHOOSE YOUR ACCESSORIES 3 LEVELS, SO MANY POSSIBILITIES.

To further customise sink functionality and add value to the workstation, a wide range of accessories is available to make your experiences in the preparation area even more enjoyable.

Accessories can be distributed over up to three different support surfaces, optimising each sink bowl level for combined use.

PERSONALISE IT ...

DESIGN, HYGIENE AND DURABILITY.

Elleci's chopping board made of HPL (High Pressure Laminate) is a special addition to the kitchen sink. Extremely robust and resistant to scratches, impacts and scrapes, it has a non-porous surface that facilitates cleaning, thus guaranteeing maximum hygiene in the kitchen. It is available in Nero, Grigio, Quercia, Olmo and Wood.

FLOW-PRO OPEN UP

Excellence is in the smallest details. With a focus on functionality and product design, the drainage system changes appearance to suit your style. The elegantly styled waste provides aesthetic continuity within the bowl, while the ergonomic design of the central control makes it easier to use.

Flow-Pro drainage system in Black Matt.

Flow-Pro drainage system in Brushed Gold.

OPEN UP

Open Up is the convenient, elegant remote control for wastes that allows you to open and close the waste automatically by a simple push-button operation, without having to dip your hand into the bowl.

EVERY DAY USE

From the moment you wake until late in the evening, the workstation is the ideal companion for every time of day.

After years of research applied to the use of kitchen living, there is now a preparation area that will surprise with every new gesture. Accessories integrated into the workstation optimise every movement and minimise the footprint on the kitchen worktop. Breakfast, brunch, snacks, cocktails and dinners: it's all-in preparation, from chopping to tasting.

COLANDER TRAY

The ideal accessory for organising and straining.

WAVE CROMO KITCHEN TAP

The tap with superb aesthetics and functionality. Featuring an elegant two-tone design, Wave has a tall, ergonomic swivel spout in matt black silicone, with a pull-out sprayer that can easily reach all corners of the bowl.

BLACK ELEMENT CHOPPING BOARD

The multifunctional chopping board with practical grooves for integrated use at the sink or on a kitchen worktop.

EVERY DAY USE

BREAKFAST

Hands in the dough, broken eggs and a good dose of sweetness all make a tasty recipe.

The new **Spazio 900** model is characterised by clean lines and an XL bowl, deep and spacious, able to accommodate the biggest pots and baking trays.

sink_Spazio 900 K96 Bianco
tap_Arcadia Chrome finish

The farmhouse design, revisited in a contemporary key,
is suitable for both modern and classic environments and,
thanks to the generous bowl capacity and the multifunctional chopping
boards, the preparation area is transformed into a fully-fledged workstation.

EVERY DAY USE

LUNCH

sink_Life 480 G78 Espresso
tap_Trail G78 Espresso

The time of day dedicated to the simple pleasure of seeing family and sharing the day's news.

Life 480 is the perfect ally, a new part of the Elletti family, with its bold, essential and modern design. With its discreet shapes and lines, a large drainer and a set of accessories such as multi-purpose chopping boards, Life is excellent for everyday use, providing everything your family could want.

EVERY DAY USE

HAPPY HOUR

Space for socialising, it's time to relax and have a cocktail with friends.

The perfect partner in the kitchen for all your preparations and mini-treats. The **Compass** stainless steel sink, with its large bowl and a set of multifunctional accessories matched with the innovative Flux kitchen tap with pull-out sprayer will make everything simpler and faster.

EVERY DAY USE

DINNER

Introspective and generous, an elegant and convivial moment to look back over the day with a delicious dish, perhaps even something gourmet!

Like a real professional workstation, the **Best 105** essential workstation is ideal even when your preparation is very complicated.

NEW SINKS

A COMPLETE AND DIVERSE SINK COLLECTION WITH A RANGE OF DIFFERENT AESTHETICS AND FUNCTIONALITIES IS ENRICHED WITH THREE NEW MODELS.

Spazio 900 features a large bowl and a more traditional style, and is revolutionising the farmhouse aesthetic, making it fresh and new.

It follows the **Best 105** workstation, an extremely ergonomic solution with an essential soul. It has a single deep bowl with three different levels and a drip-catching edge that allows the accessories to glide across the sink.

Also perfect for even the smallest spaces, we have **Life 410**, the linear sink in which classic style embraces modernity through discreet shapes and lines.

AUTOMATIC SERIES

EMPOWER THE KITCHEN WITH

AUTOMATIC SINK SERIES

This collection comes with some clever features to enhance prep experience: for a smarter kitchen, Elletci has come up with a complete set of equipments to facilitate the daily experience: two different types of automatic drain waste system combined with two types of remote control to pull the plug quickly without having to put the hand in the dirty water. All the sinks are made in both Granitek and Keratek available only in two colors: white and black to be matched with every style of kitchen.

TOTAL GLASS_**BLACK IS BACK** FOR UNLIMITED MATCHING

The Elletci world is made up of ovens, hobs, accessories, taps and complementary components that coordinate perfectly with the colours of our composite sinks, creating a chromatic Family Line, with colours that generate harmony in the preparation area.

composite sink_Zen 130 K86 Black
tap_Kent Black Matt
microwave_Urban
oven_Urban Plus
induction_Urban 80

THE TOTAL GLASS LINE HAS A TOUCH OF BLACK.

Glass is a refined, modern material and is just the thing to give our appliances a touch of contemporary style. An extensive line of ovens, microwaves and gas-on-glass and induction hobs are clad in extremely smooth glass surfaces that enhance the black base with scintillating light effects.

THE BLACK FAMILY LINE ALSO USES THE COLOUR BLACK IN THE KITCHEN, GIVING IT A LOOK OF TIMELESS ELEGANCE.

Every detail is designed to integrate into a total look with the other elements, such as the finishes of components and accessories – a total blackness that is delicate to the eye and to the touch.

COLLECTION KARISMA

MORE INFORMATION KARISMA LINE

CHARISMATIC DESIGN

'Flared' edge that encourages a more harmonious use of the sink. The design is functional and practical, yet still has straight, bold lines. The 45° internal bevel, which joins the edge to the inner bowl, makes PREPARING, CLEANING and COOKING operations in the Water Zone easier.

COLLECTION BEST

MORE INFORMATION
BEST LINE

THE EFFICIENCY OF RATIONAL GEOMETRICAL LINES

Best is a collection of composite sinks with a rational aesthetic that enables maximum efficiency because of the professional non-drip edge and accessories that glide along the sink. Best sinks have a wider sink bowl divider with integrated tap area, for more complete use.

COLLECTION BEST WORKSTATION-A

MORE INFORMATION
BEST WORKSTATION-A LINE

FULLY EQUIPPED WORKSTATION

Having a workstation sink in the house means saving time in the kitchen workflow. With everything being readily available in one area it is possible to have a functional workspace that helps to prepare and cook more efficiently. With this special automatic sink series (Flow Pro and Open up included), even the cleaning is easier: draining the bowl can be done remotely without the need to reach into dirty water to pull the plug.

THE IDEAL PARTNER FOR EVERY MOMENT

Elletti accessories: the perfect allies in the kitchen, optimising space in the preparation area through technical and functional solutions that can give a distinctive touch and character to make your kitchen unique.

BEST WORKSTATION CHOPPING BOARD ELEMENT

A special chopping board with a design that transforms it into a multifunctional space-saving system, as it can be used both on edge of the sink and inside the bowl.

BEST WORKSTATION COLANDER ELEMENT

The ideal accessory for organising and straining.

ROUND SOAP DISPENSER ELEMENT

A convenient integrated accessory that creates additional space in the sink.

FLEX 500 DRAINER

Versatile to use, this drainer is very convenient both as a dish drainer (placed over the sink) and as a mat placed on the kitchen worktop.

FLOW-PRO OPEN UP ELEMENT KIT

Simple yet elegant design and ease of use make this a modern and appropriate kit for every style.

KITCHEN TAP COLLECTION

elletti | KITCHEN

Designed to create a distinctive space and to meet the needs of every type of kitchen, our kitchen taps combine aesthetics and functionality.

A line of designer taps in different finishes and styles: modern, convenient and at the same time environmentally friendly.

FULL COLOUR

Taps with each part and component painted the colour of the sink, for a perfect match and a feeling of total continuity.

METAL FINISHINGS

Elegant, refined finishes. A Family line designed to match perfectly with our sink components and the Elletti cooking world.

BLACK MATT

A special finish that embodies one of the major design trends and also fits in perfectly with almost any style, offering endless possibilities for customisation.

ENERGY SAVE CARTRIDGE

Technology that delivers only cold water with the lever in the central position, saving energy and being kind to the environment.

FILTRATION SYSTEM

The Elleci filtering system transforms your kitchen tap into a source of fresh, purified water. A tap with filtering system reduces the content of heavy metals, chlorine and limescale in tap water and is practical to use as the filter is connected directly to the tap of the mains water system and so provides filtered water whenever you need it.

The replacement filter cartridge ensures a filter capacity of 4,000 litres (replacement recommended at least once a year):

- Duration up to 4,000 litres / 6 months

WASTE DISPOSAL UNITS

**2 ANNI · YEARS
WARRANTY
GARANTITO**

A waste disposal unit is an essential modern appliance that disposes of organic waste and makes life easier in the kitchen. With the simple press of a button, the food is ground up and eliminated. Easy to install, compact, quiet and safe. Food waste is reduced to small particles and discharged into the sewage system with the waste water.

ADVANTAGES

No more unpleasant odours
Energy saving
Reduction in waste for disposal
Healthier environment
Reduction in CO₂

40% QUIETER

All Ellecí waste disposal units have been designed to reduce vibration coefficient and noise as much as possible. Because of these two factors, Ellecí waste disposal units are 40% quieter than traditional products.

LARGE DISPOSAL CHAMBER

A larger chamber volume means less risk of jamming and better grinding.

THIS APPLIANCE ALLOWS YOU TO DISPOSE OF ORGANIC WASTE SUCH AS FRUIT, VEGETABLES, FISH BONES, EGGSHELLS, CHICKEN BONES AND MUCH MORE.

It is not possible to dispose of fibrous foods, such as artichokes, fennel, pineapple, etc.

STAINLESS STEEL HIGH QUALITY PARTS

- 1 Quick and easy installation
- 2 Antibacterial protection and odour prevention system
- 3 Stainless steel components
- 4 High-power DC motor
- 5 Innovative Italian design
- 6 Safety reset system
- 7 Pneumatic activation

CARE AND MAINTENANCE

A line of products with specific features, designed to facilitate daily cleaning and surface care to maintain the beauty of Elletti products over time.

DLL01602

0.2 LT/KG **NEW****DAILY CLEANER - DEGREASER**

Degreasing spray cleaner, removes traces of dirt, germs and bacteria without damaging surfaces. This product is indicated for regular cleaning of Elletti composite sinks.

DLA01603

0.2 LT/KG **NEW****DAILY CLEANER - DESCALER**

Descaling spray cleaner, dissolves limescale build-up while protecting surfaces. Indicated for regular cleaning of Elletti composite sinks.

DLA01602

0.25 LT/KG

DAILY CLEANER - CLEAN POWER

Specific spray cleaner for coloured and enamelled surfaces. Indicated for daily cleaning of Elletti coloured taps and appliances.

DLC01603

0.2 LT/KG **NEW****DEEP CLEANER - EXTRA ACTION**

Cream detergent with stain-removing action, removes stubborn stains on all Elletti light-coloured composite sinks.

DLP01601

0.1 LT/KG **NEW****BEAUTY PROTECTOR**

Protective spray cleaner, safeguards against dirt and limescale residues and maintains the beauty of the product over time by revitalising the colour and increasing water-repellent properties.

DKP01000

FAST CLEAN - SPONGE KIT

Kit consisting of three scratch-resistant sponges with a double layer to remove even the most stubborn dirt. The white part acts without scratching delicate surfaces, while the blue part is softer and has absorbent power.

**COUNTER DISPLAY FOR CLEANING PRODUCTS**

A convenient stackable cardboard box, available on request.

DKP01001

FAST CLEAN - MICROFIBRE CLOTHS

Kit consisting of two microfibre cloths with special highly absorbent chequerboard pattern designed to leave the sink dry and remove any residue while leaving the surface intact.

It is extremely simple to maintain the beauty and functionality of your Elletti product over time.

All you need to do is clean and dry the product every day using neutral detergents or the specific products from the **Elletti Beauty** line, without allowing deposits and residues to act on surfaces for lengthy periods.

Remove any stains using a soft sponge and a neutral dishwashing detergent or a specific product from the Elletti Beauty line.

Rinse surfaces thoroughly using lukewarm water.

Dry the surface carefully using a soft cloth or microfibre cloth to prevent the formation of limescale deposits.

To prevent the formation of limescale stains on the surface, we recommend that you perform a more thorough cleaning once or twice a week using a descaling cleaner such as the Daily Clean descaling spray from the Elletti Beauty line.
